 for University Certified Course, 200 seats - on 27th & 28th Jan 2024

WELCOME *Message*

Dear Fellow Colleagues,

It's time that we have a dedicated Hip Course covering all about hip... With this mind, we have curated this Master Level Course for Young Orthopedic Surgeons (Senior Surgeons who still feel young at heart & Skills).

It's our great pleasure to invite you to participate in this Academic Extravaganza!!

The Course will host Trauma, Arthroplasty, Arthroscopy, Infection, Pediatric, Nonunion-Malunion, Osteotomies, Orthobilogics.

Dates: 26th, 27th & 28th January 2024, Le-Meridien Nagpur

A completely new plan is been thought of. So, what we will have is another completely different way of interaction and a still more effective way of delivering the goods.

That being:

1. Only case based presentations and discussions, panel discussions and debates.
2. RE- Live surgeries - walk us through all the steps, intricacies & solve all our queries
3. Simulation Lab - Virtual travel through all needed approaches
4. Cadaveric Lab - Actual Supervised hands on training
5. Skill Lab - Delivering your skill based on principles
6. Workshops (Implant Based learning - Teaching)
7. Learnshops (topic based Modules)
8. Modules - Thread bare discussion on specific topics.

So, fellow colleagues, bookmark your dates and get ready to block your slot.

Feel free to call us anytime if there's any suggestion, confusion, guidance in these matters.

Dr. Sushrut Babhulkar

Course Chair
