OSTEOPOROSIS SOCIETY OF INDIA

OSTEON 2025

6th July 2025
Le Méridien Nagpur

Message

Dear Fellow Colleagues,
Regard from OSI.

It has been an observation that in our country, osteoporosis and osteoporosis-related complications, fractures, are being treated by various specialties in a different way.

We all have decided together, to come together to create a platform where all like-minded people, will scientifically discuss and create a robust data of Indian patients. And it's not only about osteoporosis, it's about osteoporosis, fragility fractures, sarcopenia, preventing fractures, preventing complications. With this single scientific academic aim in we have decided to come together. And find solutions to our unique problems. We invite you all to join hands together on this platform of first National conference of Osteoporosis society of India

And discuss this unique problem of osteoporosis.
